

Rotary Club of Barrie Community Services Committee Application for Funding

The Rotary Club of Barrie has limited funds to spend in our local community each year. As a result, we must weigh the benefits and costs of each application carefully, taking into consideration other requests for funds. We support both individuals and organizations. We generally prefer to assist with capital costs and helping to meet specific needs. We do not help with the costs of fundraising or operations. Funds should benefit the local community of Barrie and area and its citizens.
